Mexma Food

Mexma Food, part of the family-owned Dossche Group and located in the Dutch town of Kerkrade near the German and Belgian borders, produces an extensive range of tortillas. Mexma stands for quality, Mexma stands for smart, Mexma stands for consistency.

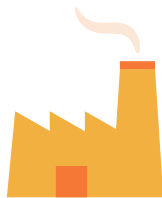

Our strengths

We are convinced that Mexma Food offers added value thanks to:

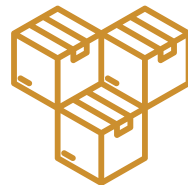

- Product control: Mexma Food works with Dossche Mills, one of the largest European players in the wheat market. This collaboration guarantees product control from field to customer.
- Production facility: an advanced production facility that guarantees superior products & smart product development.
- Quality: Our business and production processes are IFS certified. Our production process as a whole is managed by means of HACCP tracking.
- Product development: we understand consumer needs, providing solutions like whole wheat, veggies and high protein/low carb tortillas.

It'za assortment

Our own brand is It'za, from the famous Chichén Itzá, available in different flavors and diameters. In addition to regular wheat tortillas, we also make 100% whole wheat and multigrain tortillas, varying from 4 to 8 wraps per package. All It'za packaging is resealable, so that it can be easily reused.

Sustainability

Mexma Food strives to have a positive impact on current and future generations with regard to sustainability and sustainable business practices. We care about our planet and our people. That is why today we work together with customers, suppliers and organizations to improve the sustainability of our business activities and products. For Mexma Food, People, Planet and Product are therefore the most important pillars.

Recent achievements

- Primary packaging reduced by at least 16% per pack
- Tortilla waste 100% reprocessed
- Elimination of palm oil in our veggie wraps and in our Food Service range
- Reduced all incoming and outgoing transport movements and limit them where possible
- Introduced low carbon flour, reducing CO₂ footprint by >30%

Our goals for 2023

- SMETA certification
- Reduction of tertiary packaging material by 15%
- Determination (by an independent third party) of our current CO₂ footprint
- SMART target setting for realizing a reduction of our CO₂ footprint. The first reductions are already planned for 2023

Our goals for 2025

- Introduction clean label tortilla
- Reducing energy through solar panels and LED lighting
- Switch to mono material (LDPE) for primary packaging, making the packaging easily recyclable

Family business

Mexma Food is part of the family business Dossche Group. Dossche Group is internationally active in the food industry and has over 700 employees in three separate business units. Consistent quality, personal service and a focus on long-term relationships characterize the group. "Behind this company, there is a history. Behind this company there is a family".
